

FLEXFORUM |

Enabling households and businesses to make choices which maximise the value of DER and Flexibility

Date:	Tuesday 9 August 2022
Time:	1300-1430
Location:	Virtual at: https://us06web.zoom.us/j/86403881616
Purpose:	Your views and suggestions will shape a plan to provide a starting point for coordinating and collaborating on practical, scalable and least-regrets steps to enable households and businesses to make the most of their flexibility distributed energy resources (DER).

Who	Activity
	Welcome and plan for the session <ul style="list-style-type: none">overview of the purpose and approachthe FlexForum
	Context for the Flexibility Plan <ul style="list-style-type: none">DER, flexibility and electrificationMBIE perspective <p>Sli.do joining instructions: https://app.sli.do/event/tHjCpDgsctMBy54iRwPYgD</p>
	Breakout session 1: Actions to enable households and businesses to make choices to maximise the value of DER and flexibility <ul style="list-style-type: none">What actions would enable households and businesses to make choices that maximise the value of DER and flexibility?What actions should be the priority that we start first (practical, scalable, least-regrets)?
	Breakout session 2: Potential learning-by-doing <ul style="list-style-type: none">What activities has your organisation completed, have underway or is interested in starting in the next 6 months which would enable learning-by-doing?
	Breakout session 3: Support for action <ul style="list-style-type: none">What support would you need to take that action (eg, internal buy-in, access to experts, financial support, regulatory support, facilitation of joint projects, etc)?
	Your thoughts <ul style="list-style-type: none">Open floor for questions, clarifications & initial reactions
	Next steps & Thanks
